Software Test Engineer

 [barisyenigun07](#) |  [barisyenigun07](#) |  baris.yenigun35@gmail.com |  +90 533 931 12 69

SUMMARY

Software Test Engineer with practical experience in both backend and UI test automation. Developed unit and integration tests for RESTful APIs using Java, JUnit, Mockito, and Testcontainers during the internship experience, and implemented automated UI tests for desktop applications using Java, SikuliX, and JUnit in a professional setting. Currently pursuing a Master's degree in Software Engineering and Data Science to further strengthen expertise in software engineering and testing.

SKILLS

Programming Languages	Java, Python, JavaScript/TypeScript
Libraries and Frameworks	JUnit, Selenium, Appium, SikuliX, Mockito, Spring Boot, Next.js
Test Automation	UI Test Automation, API Testing, Unit Testing, Integration Testing, Test Design Techniques (BVA, ECP, DTT)
Tools	Docker, Git/GitHub, Maven, RabbitMQ

WORK EXPERIENCE

Software Test Engineer - GenISys A.Ş. Jan 2025 - Jul 2025

– Implemented automated UI tests for GenISys' GUI products using Java, SikuliX and JUnit.

Software Test Engineer (Intern) - Research Ecosystems A.Ş. Jul 2022 - Aug 2022

– Implemented unit and integration tests for GCRIS API, main product of the company, using Java, JUnit, Mockito, Testcontainers, Redis and Docker.

PROJECTS

SpectraTest

[Project Link](#)

No-code UI test automation framework for web, mobile and desktop applications. The core design utilized advanced locator and element recognition mechanisms to build test scenarios without direct code scripting, demonstrating expertise in Selenium WebDriver and Appium integrations.

NextDate Program Testing

[Project Link](#)

Built the NextDate program in Java and implemented its black box functional tests (e.g. Boundary Value Tests, Equivalence Class Tests and Decision Table Tests).

EDUCATION

2024 - Present Master's Degree at **Izmir Institute of Technology**
Software Engineering and Data Science

2018 - 2023 Bachelor's Degree at **Izmir Institute of Technology**
Computer Engineering
